## LEGEND OF LAGERFELD

Legendary designer Lagerfeld was already a well-known designer in the early 1980s, when he took the helm at Chanel. Adding unique touches to the brand's classic designs, pioneering high-profile runway shows, and expanding key areas of the business such as perfume and jewelry, he helped turn Chanel into one of the largest and most profitable luxury brands in the world. In this FashionBox original series, we dive into over a decade of Lagerfeld's stunning designs. May he rest in peace.

## FASHIONBOX COUTURE

In this series, FashionBox explores the world of haute couture, taking viewers to fashion shows by the most creative and celebrated names of fashion. The haute couture season happens twice a year, and it gives designers the opportunity to showcase their most impressive work: garments are hand crafted from start to finish, made from rare and often costly materials, and use incredibly complex and time-consuming methods. In this series, not only does the viewer get to see fashion shows from designer like Karl Lagerfeld and Giambattista Valli, but they also get to go backstage before the shows to see beauty and make-up and get to hear exclusive interviews with the designers, make-up artists, and models. The show themselves are shot in a crystal clear 4K, showing every detail of these magnificent showcases.
